

SOUTHWAY AND SNAKE RIVER AVENUES

ENVIRONMENTAL STUDY

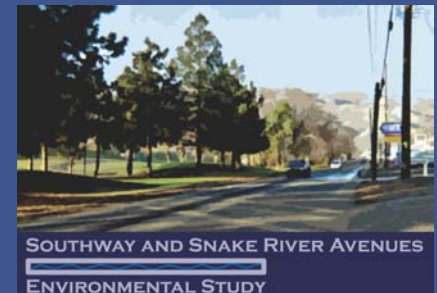

Our Goals Today

- **To Find Out What You Want**
 - You individually
 - The community of Lewiston
- **To Let You Know About the Process We Are Required to Follow**

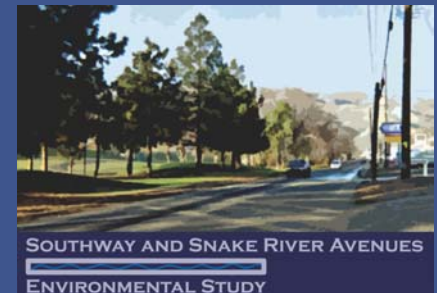

Today We Want

- **To Identify Issues**
- **To Look at Possible Options**
 - *This is how our workshop is structured*

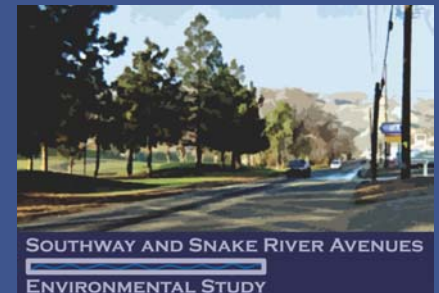

Today's Agenda

- 15 minute presentation
 - *Project overview*
- 45 minute workshop
- 10 minute report out
- 15 minute closure

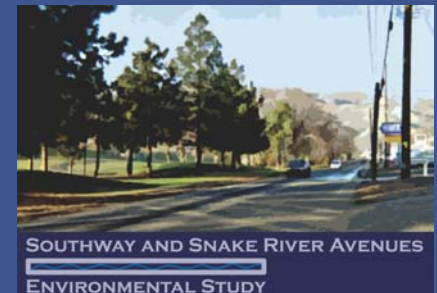

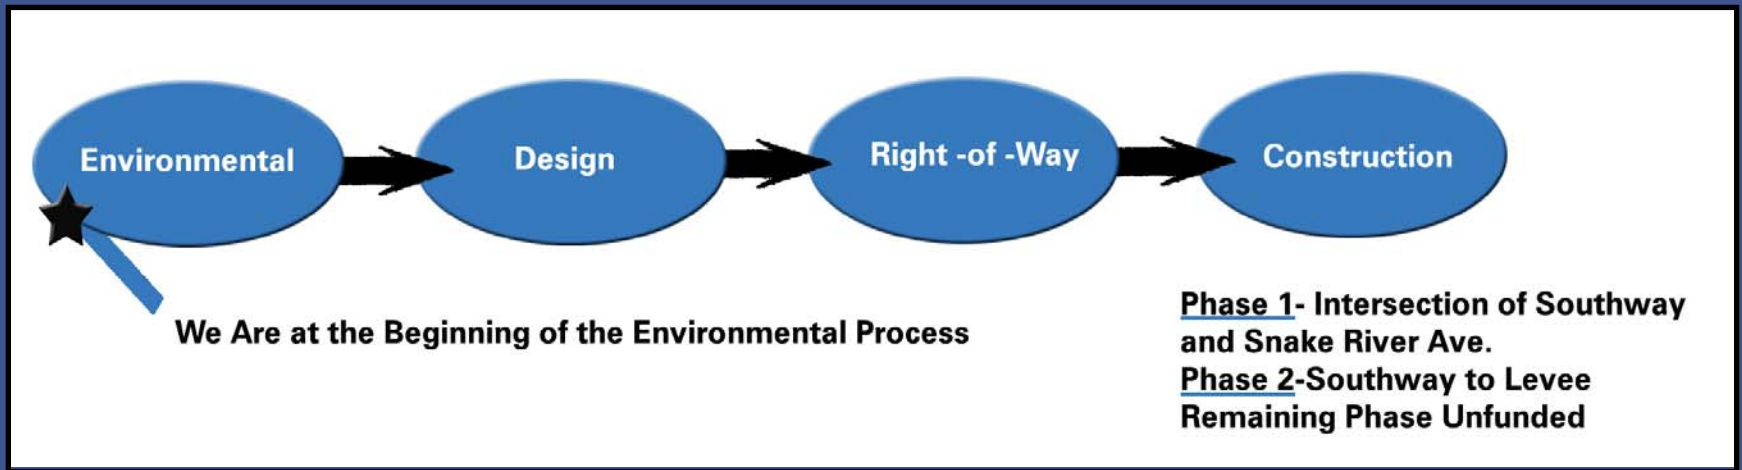

The Project

- Is investigating roadway improvement options on Southway and Snake River Avenue

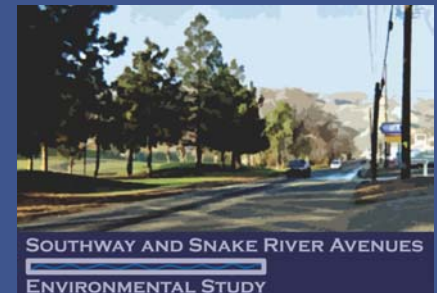

Where We Are in the Process

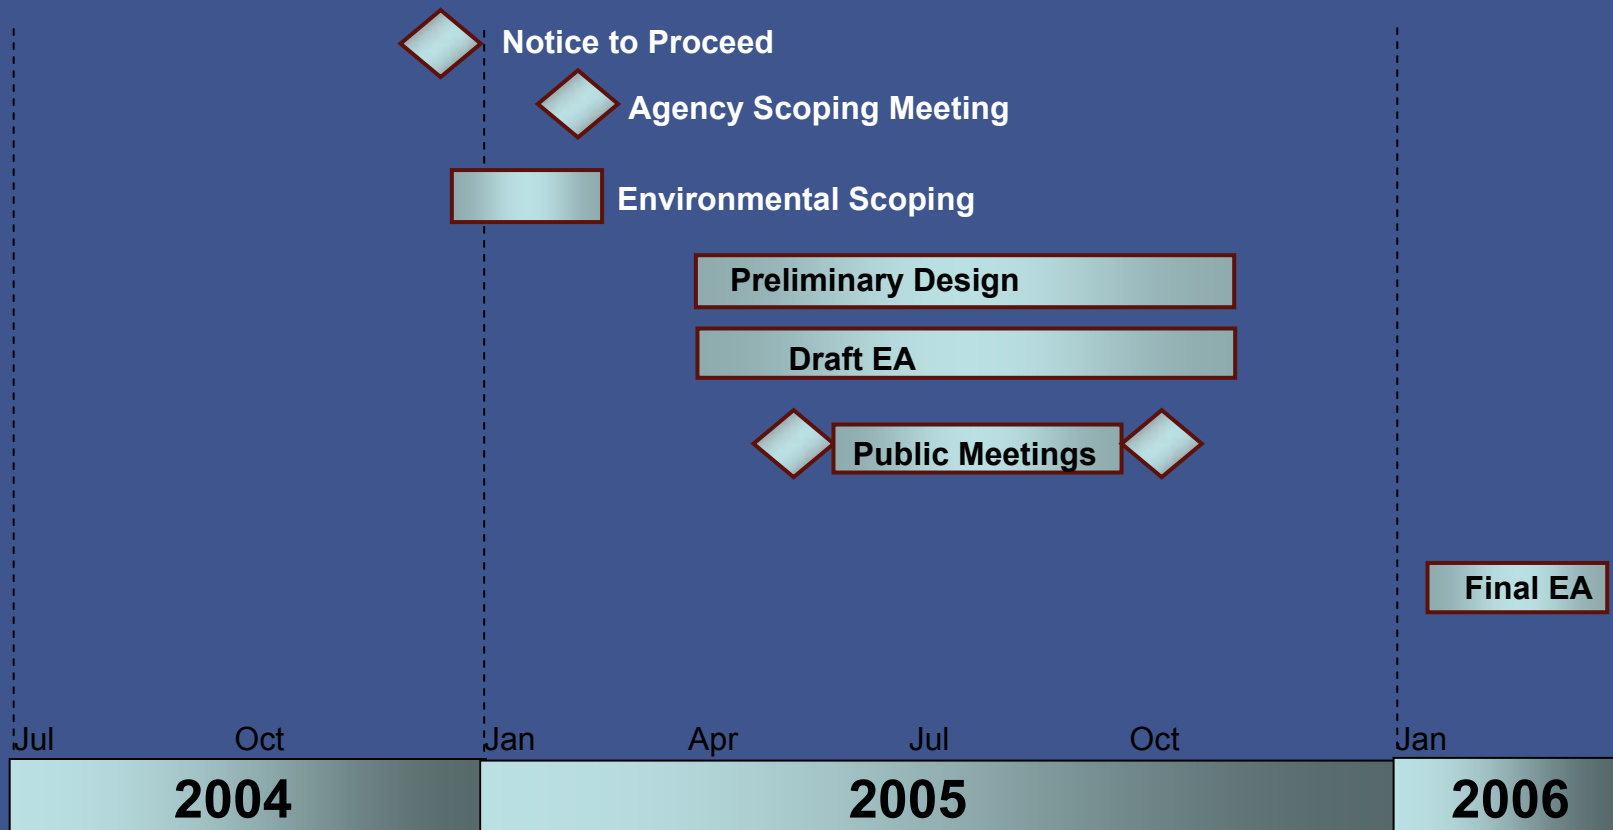

Funding

- **92.66% Federal**
- **That Means:**
 - *Safe – to current standards*
 - *Functional*
 - *Sensitive to the environment*
 - NEPA

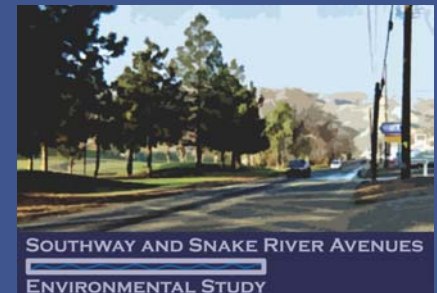

Schedule

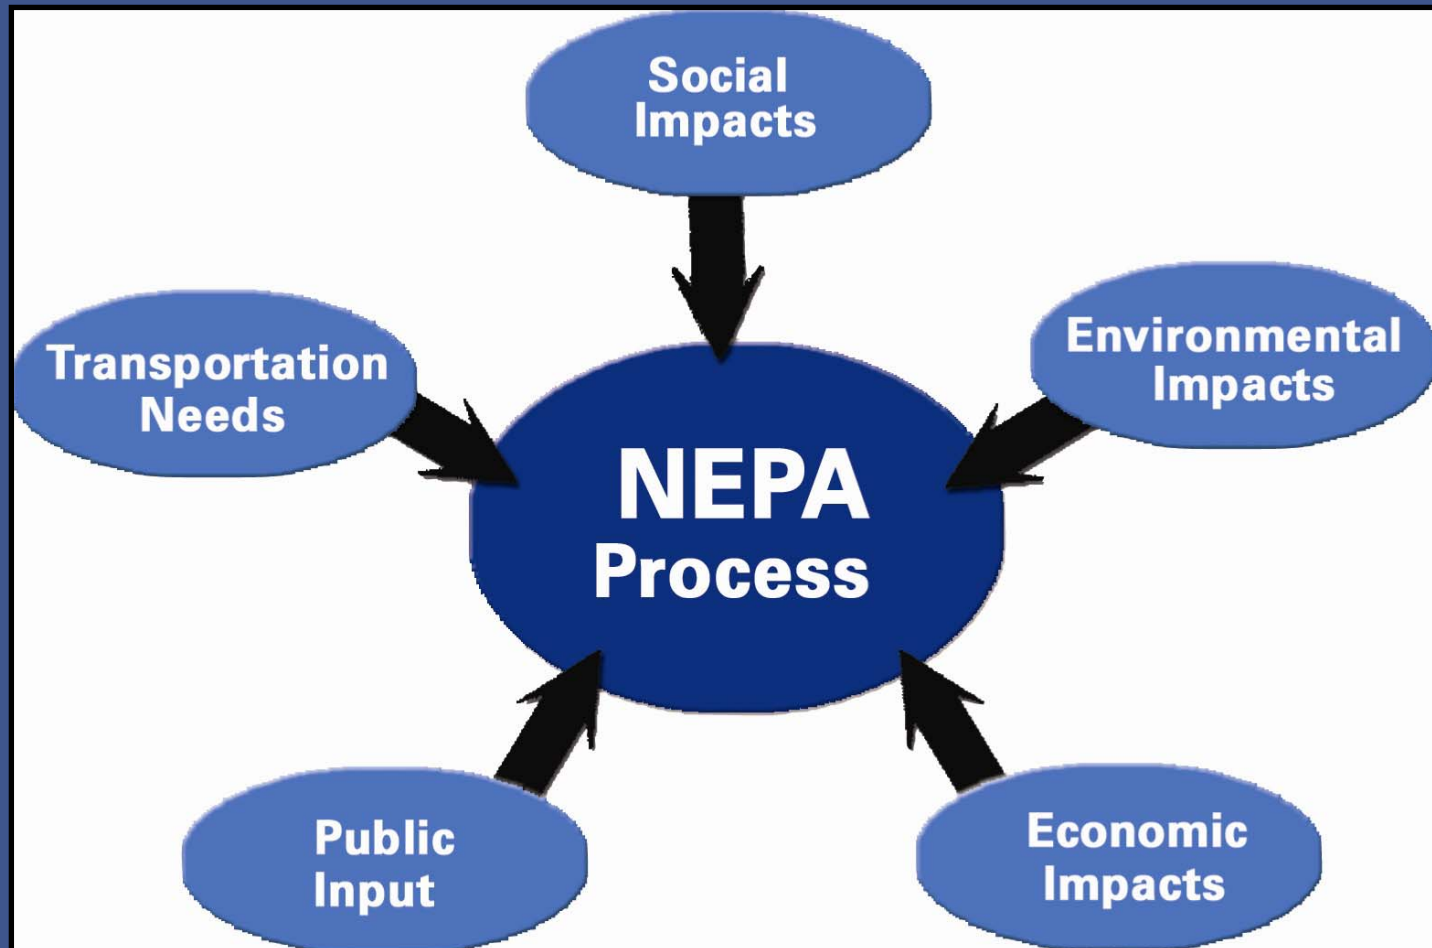

NEPA Requires

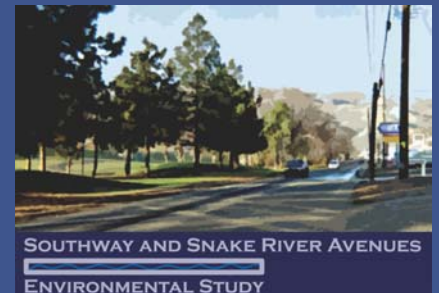

- We involve stakeholders early and often
- Stakeholders are:
 - *You*
 - *Advisory Group*
 - *State and Federal Regulatory Agencies*

NEPA Decision Process

Environmental Issues

Recreation & Historic Resources

- **Parks**

- *Kiwanis Park*
- *Proposed Rotary Park*
- *Boat Ramp*

- **Trails**

- *Lewiston Levee Trail*
- *Southway Trail*

- **Historic Resources**

- *RR Spur (Great Northwestern RR/Camas Prairie RR)*

Social & Economic Impacts

- **Economic impacts to adjacent businesses**
 - *During construction*
 - *Final design*

Wildlife and Threatened Species

- **Snake River**

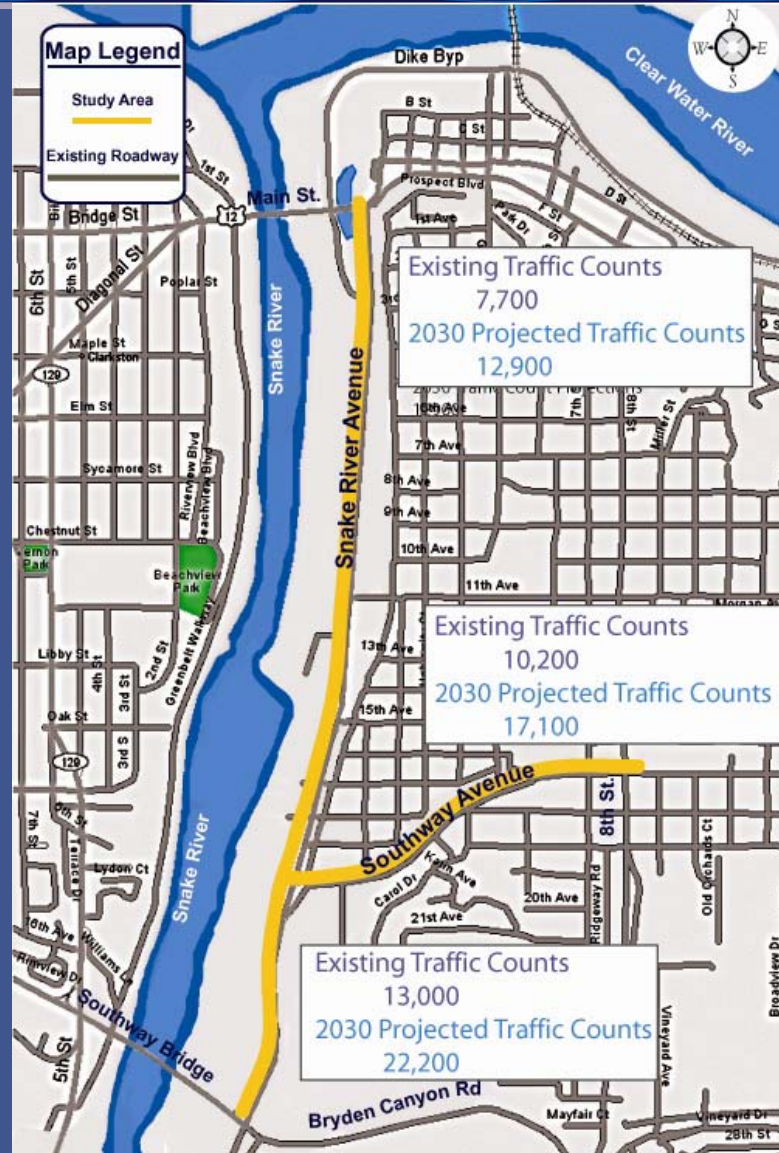

- *Bull Trout*
- *Sockeye salmon*

- **Spalding's catchfly**

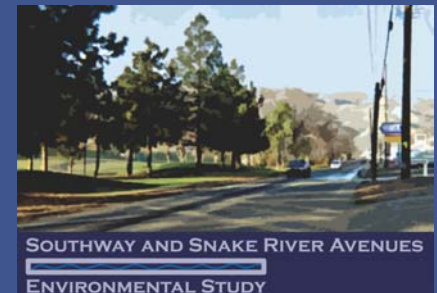

Traffic - Projections

To Meet Future Traffic Needs

- We Need 3 – 4 lanes on Snake River from the Southway Intersection to north
- We Need 4 – 5 on Snake River from the Southway Intersection south
- We Need 4 – 5 lanes on Southway

Our Challenges

- 3 – 4 Lanes
- RR Spur
- Park
- Business Access

Snake River Avenue – North End

Our Challenges

Snake River Avenue – North End

- On Street Parking
- Pedestrians
- Business Access

Our Challenges

- 4 – 5 Lanes
- Business Access
- Pedestrians

Snake River Avenue – South End

Our Challenges

- 4 – 5 Lanes
- Access
- Southway Trail

Southway

Thank You!
